FOR IMMEDIATE RELEASE

Need an Economic Stimulus to Get Those Darned Taxes Done? Colorado Tax Preparation Company Offers the Chance to Win Free Rent or Mortgage for a Year

March 9, 2009 – As the recession grinds on, economic gloom and doom makes the very thought of getting tax returns done by April 15 even more unpleasant for many this year. That's why Aurora, Colorado tax preparer Charise Manuel (www.my1040.ws) has come up with a way to brighten up the duty of filing a tax return and paying the bill. Anyone using her tax preparation service through April 15 automatically gets a chance to win free rent or mortgage payments for a year (up to a value of \$26,000), along with other prizes.

"I'm excited about giving my clients an opportunity to beat the recession," says Charise Manuel, a tax preparer for 15 years who has special expertise in small business taxation. "While I'm based in Colorado, I can prepare federal taxes for anyone living anywhere in the country. The idea of my clients winning fabulous prizes will also help keep me smiling during all the hard work ahead of me during tax season."

The client prizes work as follows: the winning numbers have already been selected and stored in a secure location. Each C & E Financial Services tax preparation client chooses a five-digit number. After the contest's April 15 close, a client whose number matches all five digits of the winning number, in the correct order, receives free rent or mortgage payments for a year, up to a value of \$26,000. If the last four of the five digits match the winning four-digit number in the correct order, they receive \$5,000 cash, and if the last three digits match the winning three-digit number in the correct order, they receive \$500 cash. There are additional prizes, as well. Complete details for the promotion are posted at <http://www.my1040.ws/contestrules>.

The C & E Financial Services web site also offers two reports available for downloading at no cost and no obligation: "Top 50 Overlooked Deductions" and "5 Mistakes Many Tax Payers Make During Tax Season." These free reports can be accessed at <http://www.my1040.ws/ClientResources>.
